Preparation

As one of the most important aspects of the day is developing or enhancing practical teaching skills, you will need to bring with you some material to teach. It does not need to be complicated, so please feel free to choose items with which you feel familiar and comfortable. You will need to bring:

- A warm up exercise
- A round
- A song in 2 or three parts suitable for a community choir workshop

There may not be time for all participants to do all their material, but it is helpful to have a choice.
